Italian time (CET)
ONLINE ON MICROSOFT TEAMS

The **online event** to explore the Master's degree programmes (Second Cycle degree programmes) offered by the University of Bologna. **Meet professors, staff members, and hear first-hand about our students' experiences.**

What you can do

- Attend presentations on over 75 Master's programmes taught in English (and over 80 taught in Italian)
- Chat with professors and students
- Learn more about future career opportunities
- Find out about the services and facilities offered by the University

During the event there will be lots of presentations and talks. You will be able to attend those that interest you most to get what you need to make your choice.

Sessions on international degree programmes taught in English and services for international students will be held in English. The presentations of the other Master's degree programmes taught in Italian will be held in Italian.
